

EZBiz Hosting

Adam Internet EZBiz Hosting is especially designed for your total business hosting requirements. The service offers the convenience of a single package which includes all hosting services, plus a generous disk and data allocation on Adam Internet's reliable and proven network.

Convenient Package – includes all your hosting in one simple monthly or annual package

Versatile Configurations – choice of multiple server platforms and disk allocations

Industrial Level Inclusions – includes a generous level of disk, data and extras for all business sizes

Flexible Billing – choice of monthly billing from your credit card, or annual billing with 10% discount

Your business can choose from two server platforms with generous webspace included per month, which includes Adam's unique disaster recovery system. EZBiz Hosting has a low once off setup fee of \$55 which includes delegation of your existing domain name.

EZBiz Hosting cPanel 2000	2000MB		\$380	\$4100.00

Domain Name Hosting – yourbusinessname.com.au

A component of the EZBiz Hosting solution is domain name hosting which allows for your business to have a unique identity for all your communications. You may already have your own domain name which can be delegated for free as part of this service or we can register the domain name of your choice for a small fee.[‡]

Email Accounts – sales@yourbusinessname.com.au

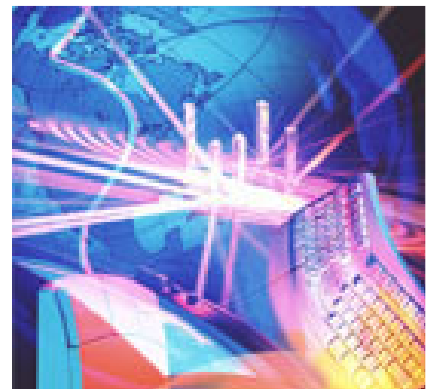

EZBiz Hosting provides your business with individual email accounts for your staff. This is an invaluable part of your business because it allows your customers to contact all members of your organisation for immediate service or enquiries. It also increases the professional appearance of your organisation.

Web Site Hosting – www.yourbusinessname.com.au

The EZBiz Hosting solution also includes up to 2,000MB of web space for the hosting of your business website. This generous allowance allows for you to migrate your existing website over to this service or we can refer you to a number of associated companies that can create a professional site for you.

Included with the Web Site Hosting are the following features:

- Detailed Statistic Reports
- ASP Hosting
- Front Page Extensions
- ODBC Setup
- CGI/Perl/PHP/Servlets

Additional Services Available

SSL Hosting (shared)	For secure online order forms	\$ 185.00 p.a.
SSL Hosting (dedicated)	For use with a shopping cart	\$ 485.00 p.a.
Additional Mailboxes	For each member of your staff	\$ 22.00 p.a.

Disaster Recovery

At Adam we know that your website forms an important part of your business which is why we have also included as part of EZBiz Hosting a FREE nightly backup of your website hosted with us. This backup will not simply be a copy onto a magnetic tape that you hope will be stored offsite in a secure location like other ISP's offer. The content of your website that is hosted in our secure ADNAP data center will be backed-up each night via a high speed radio link to our head office for secure digital storage.

Getting Your Business On The Net

In today's fast paced business environment a professionally designed web site is a vital marketing tool for your business. It allows you clients and potential clients to learn more about your business and the products and services you sell.

With 3 options to get your business on the net quickly, efficiently and effectively, Adam Internet will create a high quality, professional web site that can grow as your business grows - and for a fraction of the cost you might expect to pay elsewhere.

Net Starter Site \$300

The Net Starter site is a simple, single page site. Included on the page are:

- ▶ Your business details – name, address, phone, fax, email, operating hours)
- ▶ Your business logo
- ▶ 150 words of text introducing your business
- ▶ Up to 2 photographs or graphics

Net Presence Site \$550

The Net Presence site is a 3 page website consisting of a home page as outlined in the Net Starter Pack information, and 2 additional pages. Buttons from the home page will link your additional pages.

Each additional page will display your company logo at the top and can include:

- ▶ 150 words of text
- ▶ Up to 2 photographs or graphics

Net Aware Site \$850

The Net Aware site combines the Net Presence Pack with the additional benefits of being able to showcase your products. In addition to the 3-page site, you can list a sample of your products on a showcase page.

You can list up to 12 separate products with:

- ▶ A photo of the product
- ▶ Up to 50 words of text about the product
- ▶ Price

Extra Pages

With any of the above site packages, additional pages are \$150 per page and can include:

- ▶ 150 words of text
- ▶ Up to 2 photographs or graphics

* A credit card must be provided on application for automatic monthly billing.

† A 10% discount is applicable off the monthly service fee is paid for one year in advance.

‡ Domain Name Registration is a third party fee of \$140 bi-annually.

‡ All photos, logos and text must be supplied in digital format (either emailed to us or on disk)
